[tabletmag.com/sections/news/...](https://tabletmag.com/sections/news/)

It was Maxey who got *The Washington Post* to admit that the information on Hunter Biden's laptop is genuine. In June 2021, Maxey brought the paper a copy of the hard drive from the computer that Biden left with a Delaware repairman in April 2019. The repairman has said he offered the laptop to the FBI in July of that year and heard nothing back until five months later when the bureau confiscated it from him. That was December 2019, when U.S. spy services were using congressional allies to impeach Donald Trump for asking questions about the Bidens' activities in Ukraine, which are described on Hunter Biden's laptop.

Goebbels says repeat a lie often enough and people will believe it
As I follow the news on the so called "Obama gate" so called scandal, I am reminded of the famous statement by Naz propaganda minister Joseph Goebbels that if you repeat a lie often enough it

 **Richard Grenell** 
@RchardGrene

The only person to be an MMA Champion and Olympic Gold Medalist is [@HenryCejudo](#) -

Henry now endorses [@AbrahamHamadeh](#) for Arizona Attorney General.

Yuge! [@MMAFighting](#)

The graphic is a political endorsement. On the left, a circular inset shows a portrait of Abraham Hamadeh, a man with dark hair wearing a suit and tie. Below this is a white outline of the state of Arizona. Inside the outline, the text 'ABRAHAM HAMADEH' is written in large, bold, red capital letters, with 'REPUBLICAN FOR ATTORNEY GENERAL' in smaller white capital letters below it. To the right of the Arizona graphic is a large, high-quality image of MMA champion Henry Cejudo. He is shirtless, muscular, and has a beard. He is wearing a large, silver, multi-layered UFC championship belt across his chest and has black MMA gloves on his hands. Below the Arizona graphic, the words 'ENDORSED BY' are written in large, bold, white capital letters on a dark blue background. At the bottom of the graphic, the words 'UFC CHAMPION' are in white, followed by a red horizontal line, and then 'HENRY CEJUDO' in large, bold, red capital letters. Below that, a black box contains the text 'STAND WITH ABE' in white capital letters. At the very bottom, in small white capital letters, it says 'PAID FOR BY ABRAHAM HAMADEH FOR ATTORNEY GENERAL. AUTHORIZED BY ABRAHAM HAMADEH'.

Democrats like @chrishayes are applauding the politicization of the Justice Department because it aligns with their politics.

But the precedent is terrible because they have changed the rules for future Justice Departments.

So you're saying it was up to (only) either the Speaker or the Mayor to order the troops. Both have equal power? What if those two disagree? And can the POTUS not make an order? But the VP ultimately did?

Put differently, is this accurate? Are you telling the truth?

Statement By National Press Club On LIV Golf Event At Trump Course

WASHINGTON, July 25 -- Following is a statement by Jen Judson President of the National Press Club and Gil Klein, President of the National Press Club Journalism Institute on the LIV golf tournament taking place this weekend in Bedminster, N.J.

"We are revolted by the way the Saudi-funded LIV enterprise has followed the fist bump in the desert by shoving themselves onto golf courses and television screens. We call on all Americans to see this unsavory attempt to minimize the grisly bone-saw attack on Washington Post opinion writer Jamal Khashoggi for what it is – an attempt to sweep under the rug a brutal state-sponsored murder. We call on people of conscience to reject this tournament. Do not attend. Do not watch it on television. Let it fail.

"That the tournament is being held at a course owned by former President Trump is, if possible, even more revolting. It reminds us that the former President bragged of distracting Congress from the murder, delaying the release of the final U.S. government report that concluded MBS, the Crown Prince of Saudi Arabia (and recipient of the fist-bump from President Biden) was most likely involved in planning and approving Jamal's murder. And the tournament on the Trump course reminds us how Saudi Arabia finds ways to personally enrich Trump and his family – including \$2 billion to his son in law.

"We note that at one of LIV's first news conferences their officials shouted down a question from an AP reporter and escorted him from the room saying that he was being rude. That is how the LIV episode started. They silenced the press. Again.

"Finally, we note that LIV is currently seeking representation by a public relations firm to make the slaughter of a journalist more acceptable to the American public through golf. We call on public relations firms, many of whom employ former journalists, to reject this blood money. We understand that clients need representation, but it seems reasonable to draw the line at clients that use a bone saw on a journalist. We hope the prospective PR firm thinks very carefully before agreeing to work for LIV. Their association with LIV will define who they are and damage their carefully developed reputation. This will not be good for their other clients or their business. We suggest they stay on the fairway."

To me, some of the main reasons Merkel didn't like Trump were that he wanted Europeans to honor their NATO funding commitment (about doubling Germany's spend) and he wanted them to stop funding Putin by importing Russian energy, particularly via NordStream 2. So they liked Biden.

I am honored to have President Trump's endorsement. We will unite Michigan and defeat Gretchen Whitmer

- July 29, 2022 -

Endorsement of Tudor Dixon

The Great State of Michigan is being destroyed by the Radical Left Democrats. Governor Gretchen Whitmer is the Queen of lockdowns (except for her husband), school closures, and a suffering economy that's not just hurting Michigan, but the entire Country. It's time for a BIG change, and a BIG comeback!

When I met Tudor Dixon, she was not well known, but I could tell she had something very special—it was a quality that few others have. She delivered a powerful speech on how she would lead Michigan, fight for Election Integrity, turn around the Economy, and protect the future of Michigan for every child. Then, after recognizing her during my Rally speech in April, her campaign took off like a rocket ship. The great people of Michigan got it—just like I did.

Tudor Dixon is a Conservative Warrior who built an impressive career in the steel industry while working with her fabulous father, who is now watching her proudly from above. She raised a beautiful family, and is ready to save Michigan. She's pro-God, pro-Gun, and pro-Freedom, and she won't be stopped! She will stand up to the Radical Left as they try to indoctrinate our children and is ready to take on one of the worst Governors in the nation, Gretchen Whitmer, who is trying to destroy Michigan and

One solution to the current Kosovo-Serbia license plates crisis is to mutually recognize each other's IDs, license plates and diplomas.

The former leaders of Kosovo had agreed to most of this - and yet Kurti stopped it.

Of course it goes both ways. Serbia must continue to make concessions, too.

Progress was made before Kurti took over. He's rejected previous agreements just like he rejected a clean energy solution from the U.S.

The current issue is about mutually recognizing license plates.

The Roman Republic, which was the model for American government, lasted from 509 BC to 27 BC, more than twice the span @RichardGrenell cites. Again, if you're going to chestbeat about Western Civilization, do the required reading.

The leader of the conservatives in Germany bows to the woke mob.

The intolerant Left around the world can't sit and listen to dissenting voices. They cancel anyone who they don't agree with.

They want everyone to think and speak the same.

Shame on wimpy Merz.

Richard, this is how they continue to try to erase the existence of LGB people who are politically conservative. Same thing with women in general, with black, with the same when it comes to gun ownership. If they don't like it they erase it and deny its existence.

Arizona will never elect a Governor who is an admitted racist.

[@katiehobbs](#) got caught discriminating, lost the state millions of dollars by lying about it and then eventually admitted it.

Why don't people fight for California more? I know California is mostly Red. But all anyone cares about is States they can win. I do not think California is a throw away state. If we net the right people the state will bloom like none other.

I'm sad about the current FBI. When I was 7, 8 years old in the 70's here in Brazil, with my friends, we played at being FBI agents. In our imagination, the FBI was the synthesis of US identity values that we all admired, such as a Sense of Justice, Courage and Patriotism.

Why a week? Did you ask?

You should be the tip of the spear for the public *demanding* explanations as to why we don't have all votes tabulated and announced on election night.

Sasha Hupka 🇺🇸 ✓ @SashaHupka ALG 4

Officials believe issues with county-provided pens on election day were not widespread, and blame ballpoint pens for having to switch out some tabulators Tuesday. But they say they won't know more for at least a week.

Is it that you can't have people knowing Republicans are every color? By your own woke rules you are a White Supremacist for this move.

Earlier today, I told [@jim_lamon](#) that I can no longer support his candidacy.

Growing our conservative movement should be the top priority of every Republican candidate, and Jim Lamon understood that when he first got in the U.S. Senate race.

Sadly, something has changed, and he has instead pursued a desperate campaign of attacking courageous conservatives.

The tactics Jim Lamon is now using in his race are wrong and I can no longer support him.

Attacking my friend Peter Thiel is a bad strategy that only helps elect Democrats. Peter has been a champion of conservative values in Silicon Valley and has never wavered from challenging Big Tech.

I have made clear multiple times that the Jeff Roe strategy of attacking Peter may be profitable for Jeff's firm now, but it is a losing strategy for our conservative movement.

No one in Kosovo wants war or conflict. But Kurti clearly thinks this is a way to improve his sinking poll numbers. His latest actions are unnecessary.

The Europeans have told him to halt, but he should be told to stop it altogether.

Mar-a-Lago raided by @FBI, says former President Trump in a statement

- August 8, 2022 -

Statement by Donald J. Trump, 45th President of the United States of America

These are dark times for our Nation, as my beautiful home, Mar A-Lago in Palm Beach, Florida, is currently under siege, raided, and occupied by a large group of FBI agents. Nothing like this has ever happened to a President of the United States before. After working and cooperating with the relevant Government agencies, this unannounced raid on my home was not necessary or appropriate. It is prosecutorial misconduct, the weaponization of the Justice System, and an attack by Radical Left Democrats who desperately don't want me to run for President in 2024, especially based on recent polls, and who will likewise do anything to stop Republicans and Conservatives in the upcoming Midterm Elections. Such an assault could only take place in broken, Third-World Countries. Sadly, America has now become one of those Countries, corrupt at a level not seen before. They even broke into my safe! What is the difference between this and Watergate, where operatives broke into the Democrat National Committee? Here, in reverse, Democrats broke into the home of the 45th President of the United States.

The political persecution of President Donald J. Trump has been going on for years, with the now fully debunked Russia, Russia, Russia Scam, Impeachment Hoax #1, Impeachment Hoax #2, and so much more, it just never ends. It is political targeting at the highest level!

Hillary Clinton was allowed to delete and acid wash 33,000 E-mails AFTER they were subpoenaed by Congress. Absolutely nothing has happened to hold her accountable. She even took antique furniture, and other items from the White House.

I stood up to America's bureaucratic corruption, I restored power to the people, and truly delivered for our Country, like we have never seen before. The establishment hated it. Now, as they watch my endorsed candidates win big victories, and see my dominance in all polls, they are trying to stop me, and the Republican Party, once more. The lawlessness, political persecution, and Witch Hunt must be exposed and stopped.

I will continue to fight for the Great American People!

@RichardGrene

It should be everyone's narrative.

It's not yours, I know....which is why your network is in last place.

Brian Stelter @brianstelter · 6h

Fox's narrative is set: Government is "corrupt." Raid is "insane" and "reckless." FBI is using "police state tactics" to block Trump from power. Dems get away with crimes, use power to hurt GOP. This is "third world bullshit." But Trump base is loyal. (All quotes from 7pm hour.)

Neal Katyal ✓ @neal_katyal · 3m

Search of Trump abusive? Law enforcement leaves a copy of the search warrant, which itemizes what they are looking for and what laws were violated

If Trump/RNC think this search signed off on by a federal judge is abusive & they have nothing to hide, release the warrant to the public

You said he was a Russian agent.
You said Hunter's laptop was Russian disinformation.
You cheered as Big Tech cancelled anyone who had a dissenting point of view.
You think having a J6 investigation of Congress without a single dissenting voice on the committee is justice?!

 **Joe Scarborough**  @JoeNBC · 12h

Fascists hate the rule of law
They fight it, try to undermine it, work every day of their lives to destroy it.
But in America, they fail. Fascists are brought to justice by law abiding Americans. Because in America, we still believe that no man is above the law.

Democrats also hire 87,000 new IRS agents to go after Americans.

Democrats want an authoritarian state - and 1st & 2nd generation Americans see it....and hate it.

Andrew Yang 🗣️📢🇺🇸 ✓ @AndrewYang · 1h

I'm no Trump fan - want him as far away from the White House as possible. But a fundamental part of his appeal has been that it's him against a corrupt government establishment. This raid strengthens that case for millions of Americans who will see this as unjust persecution.

They indicted him while he was on his way to negotiate with President Trump in 2020

Stop these international political prosecutions. Defund the EU special courts now!

Again, the classification statutes/regulations *do not apply* to the President of the United States.

He has the inherent constitutional power, as commander in chief, to classify and declassify anything he wants, in any manner he wants.

The Supreme Court reaffirmed this in 1987. twitter.com/mrddmla/status..

People are focusing on the Espionage Act, but another law cited in the warrant is intriguing: 18 USC §1519, it's about document crimes that are part of obstructing an investigation or some other federal matter. So what is the thing that DOJ thinks Trump was trying to impede?

You said 5 years ago that you took tens of thousands of documents to put them online for the public to see. Nothing is online.

Did you hire the same website designer as your \$2 billion dollar Obamacare website...the one that failed?

Here's the thing plenty of news organizations put their natural spin when reporting. Expecting journalists to be immune from personal experience in how they report only if you disagree agree with them is disingenuous. So when will you stop pretending what really happened on Jan 6 and days leading up to the Capitol breach?

What key information is being omitted in the Jan 6 committee hearings?

So, Chuck Grassley (R-Iowa) just said that Republicans will refuse to work with Democrats to reduce drug prices if they win power.

And the only reason lower drug prices haven't passed this year is because of GOP obstruction.

Doesn't seem like a good reason to vote Republican.

Lol. So the KGB knew Trump would be President 40 yrs ago - and they liked sanctions on their Nord Stream 2 pipeline, and they felt safer with \$50 billion more in NATO countries' Defense spending because of Trump's mean demands?!

And Hunter's laptop is Russian disinformation!

Wow Trump was groomed by the KGB for 40+ years. He wanted to pull out of NATO & he blamed America for Putin's war on Ukraine. And now Trump was storing classfied Nuclear Documents at Mar-a-Lago. I'm hearing about the Saudis, but this may be tied to Russia as well. See below.

Lol. It's Maggie & Glenn...they hate Trump. And they are Democrats - like you are. Do you think Americans (outside of DC) don't see what you *always* do?! Because they do.

The statement doesn't say what they say it says....

And everything was declassified by the President.

How Trump's handling of secret documents led to the FBI's Mar-a-Lago search

@MarcACaputo @carolelee @Petereporter @VaughnHillyard report

[nbcnews.com/politics/donald](https://nbcnews.com/politics/donald-trump)

When it finally dawned on Donald Trump in the twilight of his presidency that he wouldn't be living at the White House for another four years, he had a problem: He had barely packed and had to move out quickly.

West Wing aides and government movers frantically tossed documents and other items into banker boxes that were shipped to a storage room at his Mar-a-Lago club in Florida along with other, previously packed records set aside by Trump, sometimes erratically so, according to two sources with knowledge of Trump's move and records issues.

Every news outlet is now a business. It isn't about reporting the truth. It's about money.

They have brands and customers not unbiased editors and the public good.

The sooner you learn this the more their circus-tactics make sense.

One of the **SICKEST** abortion bills we've ever seen – legalizing infanticide up to 28 days **AFTER BIRTH** – has just passed the full Assembly vote in California and the first state Senate Committee.

Countless innocent babies are in danger, even after they're born. This evil bill uses the term "perinatal," meaning up to **FOUR WEEKS AFTER** a baby is born.

We told you the Left is using the leaked Supreme Court draft opinion that would overturn Roe v. Wade to unleash an unprecedented assault on life, not only with federal efforts to make Roe permanent, but in the states. There's even been an assassination attempt on a Supreme Court Justice.

"You were mean to me" has created an entire new political party.

Oddly, the YWM2M movement says the other side has no commitment to policy principles.

It's an emotional movement of crushed career dreams.

1. Nobody treated Mitt worse than Donald Trump!

2. Obama was smeared as an African Manchurian candidate. Back people didn't storm the Capitol and elect Louis Farrakhan the next cycle

Peter Cook
@_Peter_Cook

The treatment of Mitt Romney during the 2012 election radicalized a lot of GOP voters in a way that the left and the press still don't seem to understand.

Let's be clear...

Kurti has rejected every idea put forward by the EU & US so far. EU is really frustrated

EU representatives have asked Kurti & Vucic to stay longer to keep trying.

The people of Kosovo deserve a leader who works with the U.S. and the EU to bring economic development and normalization.

Kosovo should have visa free travel by now - and they would have if Thaci and Trump were still in office.

The over-classification of intel is a crisis.

Bureaucrats work to protect their agency's reputation - not sources or methods.

Qatar criminalises same-sex sexual activity between men and between women. Sentences include a maximum penalty of death by stoning. There is limited evidence of the law being enforced in recent years, and the extent of discrimination and violence against LGBT people is not clear.

Yikes. Chris Hill says the U.S. & E.U. are working together just fine.

Like Ukraine? NS2?

We need diplomats willing to fight for America First policies not ones who gloss over problems - the EU can be a great ally but it's ok to say they aren't doing a good job in the Balkans.

Let's be very clear, the Europeans pushed The Hague to arrest @HashimThaciRKS after 20 years of investigations simply because he was negotiating with Trump.

They have nothing on him and keep him held because of politics. It's why ICTY should be dissolved.

Here's the thing plenty of news organizations put their natural spin when reporting. Expecting journalists to be immune from personal experience in how they report only if you disagree agree with them is disingenuous. Here s the thing plenty of news organizations put the.r natural spin when reporting. Expecting ,ournalists to be Immune from personal experience in how they report only if you disagree agree with them is disingenuous. So when will you stop pretending what really happened on Jan 6 & the days leading up to the Capitol breach?

What key information is being omitted in the Jan 6 committee hearings?

Tonight, Kash Patel breaks down what he witnessed as Department of Defense chief of staff.

I'm not remotely in favor of forcing people to believe anything. Diversity of thought is important and beautiful. And largely unique to America. We just need to demand equal rights - which we do have. America is the best in the world of gay & lesbian rights.

Richard Grenell ✓ @RichardGrene · 11 h

I am, however, quite concerned by your party trying to make gay rights a wedge issue. It doesn't help us when you look to divide & pretend gays are oppressed. And your party is awful at protecting religious liberties and diversity of thought.

Sad This is the reason leftists are so miserable in their lives, so discontent. They are rudderless with no faith in anything to ground them. They appeal to a government to provide them with what is missing in their lives, but no government can be all things to all people

Shame on wimpy Merz.

Показване на отговорите

The leader of the conservatives in Germany bows to the woke mob.

The intolerant Left around the world can't sit and listen to dissenting voices. They cancel anyone who they don't agree with.

They want everyone to think and speak the same.

Shame on wimpy Merz.

However, it seems that Friedrich Merz, CDU (Christian Democrats) is going to meet Senator Graham!
It was said "The election 2021 was lost by CDU in the East!"
There are 16 states (incl. Berlin) of which 5 are Eastern states joined after the unification. They voted mainly left.

However, it seems that
Friedrich Merz, CDU (Christian Democrats) is going to meet Senator Graham!
It was said
"The election 2021 was lost by CDU in the East!"
There are 16 states (incl. Berlin) of which 5 are Eastern states joined after the unification. They voted mainly left.

The CDU is not really a conservative Party anymore. In fact, we do not have a real, pro-western conservative Party in Germany like Republicans. Some politicians of the AfD follow Putin's Agenda and lies and the CDU, as you rightly pointed out, bows to the woke mob

Merz beugt sich dem wachen Mob.
Die intoleranten Linken auf der Welt können sich nicht h nsetzen und abweichenden Stimmen zuhören. Sie löschen jeden aus, mit dem sie nicht einverstanden sind. Sie wollen, dass alle das Gleiche denken und sprechen.
Schande über das Weichei Merz.

The leader of the conservatives in Germany bows to the woke mob.

The intolerant Left around the world can't sit and listen to dissenting voices. They cancel anyone who they don't agree with.

They want everyone to think and speak the same.

Shame on wimpy Merz.

Big Tech, Big Pharma, Big Business, our Universities, Hollywood and all of the media are Democrats.

The problem is that doesn't pass the smell test on its face.

However, it seems that Friedrich Merz, CDU (Christian Democrats) is going to meet Senator Graham!
It was said "The election 2021 was lost by CDU in the East!"
There are 16 states (incl. Berlin) of which 5 are Eastern states joined after the unification. They voted mainly left.

The CDU is not really a conservative Party anymore. In fact, we do not have a real, pro-western conservative Party in Germany like Republicans. Some politicians of the AfD follow Putin's agenda and lies and the CDU, as you rightly pointed out, bows to the woke mob.

No surprise, Merz also jumped readily on the Covid hysteria train. He's a coward

The leader of the conservatives in Germany bows to the woke mob.

The intolerant Left around the world can't sit and listen to dissenting voices. They cancel anyone who they don't agree with.

They want everyone to think and speak the same.

Shame on wimpy Merz.

It isn't a coincidence that after J6, The Musical failed that official DC has moved on to try and get Trump on a Mar a Lago raid.

What's astounding is the number of people in DC who can't see what is happening.

Here's the thing plenty of news organizations put their natural spin when reporting. Expecting journalists to be immune from personal experience in how they report only if you disagree agree with them is disingenuous. So when will you stop pretending what really happened on Jan 6 and the days leading up to the Capitol breach?

What key information is being omitted in the Jan 6 committee hearings?

Tonight, Kash Patel breaks down what he witnessed as Department of Defense chief of staff.

This doctor can help the poor part time while she works to pay her loan obligations....or she can help the poor on the weekends. Her dream isn't dead - it's delayed.

I also don't think we need to say that her dream is dead simply because she isn't in the perfect job now.

Blake Zeff ✓ @blakezeff 4h

A woman we spoke with grew up poor & lost her mom to cancer. So she devoted her life to working hard to become a doctor & treat patients in low resource settings. She's now 250k in debt, can't afford to work on a lower salary & has to give up on her dream to serve those in need.

Take Action

NARAL Pro-Choice America supports the demands of the Movement for Black Lives, including defunding the police and investing in Black communities, which are a response to hundreds of years of systemic oppression and the failure of reforms to address urgent needs and injustices. Budgets reflect our priorities. As such, the call to defund the police is also a call for investment in Black communities—in urgent needs that are currently underfunded, like access to healthcare, education, social services, and more. Through this investment, we can work to make sure every person, every parent, and every family is able to thrive.

Suggests

- The Justice Department disclosure paints the clearest picture to date of its efforts to retrieve files from former President Trump's estate in Florida.
- The search found twice the number of classified documents Mr. Trump's lawyers turned over voluntarily while vowing that they

It was all declassified papers (not accessible digitally) and kept in a former President's office - guarded by the United States Secret Service.

Hillary was never President, her documents were never declassified and were all available digitally ONLINE for hackers.

It's scary you believe this - but I'm not surprised because the January 6th Committee didn't have a single dissenting voice on it.

A congressional investigation without a dissenting voice. Scary.

...building by a series of tunnels, which allow members of Congress to travel between buildings underground.

Those tunnels were mentioned in some earlier communications between militia members charged in the insurrection, suggesting rioters planned to use them to attack members of Congress.

Ocasio-Cortez also never claimed she encountered rioters personally, despite false posts claiming she did.

In her hour-and-a-half long video, she talked about the rising tension and sense of danger she felt in the days leading up to the attack, as protesters gathered around the Capitol and she began receiving warnings that violence was expected on Jan. 6.

Ocasio-Cortez then went on to describe the events of the afternoon itself. She said she was in her office when she heard repeated bangs on the door, like someone was trying to get in. Her legislative director told her to hide, and she went into the bathroom. She then heard a male voice yelling, "Where is she?"

She came out after her legislative director and a Capitol police officer was there. The officer didn't announce himself, and he said, "The officer told them to go home." She didn't say specifically where she was, leaving her feeling unsafe.

I really do worry that the RNC messaging, while absurd and bizarre and infuriating to many of us, secretly resonate with a lot of easily scared racist white suburbanites who don't really blame Trump for a virus & above all just want their damn tax break. I pray I'm wrong.

ENERGY /

President Obama's Taxpayer-Backed Green Energy Failures

Ashe Schow / October 18, 2012

It is no secret that President Obama's and green energy supporters' (from both parties) foray into venture capitalism has not gone well. But the extent of its failure has been largely ignored by the press. Sure, single instances garner attention

The complete list of faltering or bankrupt green energy companies:

1. Evergreen Solar (\$25 million)*
2. SpectraWatt (\$500,000)*
3. Solyndra (\$535 million)*
4. Beacon Power (\$43 million)*
5. Nevada Geothermal (\$98.5 million)
6. SunPower (\$1.2 billion)
7. First Solar (\$1.46 billion)
8. Babcock and Brown (\$178 million)
9. EnerDel's subsidiary Ener1 (\$118.5 million)
10. Amonix (\$5.9 million)
11. Fisker Automotive (\$529 million)
12. Abound Solar (\$400 million)*
13. A123 Systems (\$279 million)*
14. Willard and Kelsey Solar Group (\$700,981)
15. Johnson Controls (\$299 million)
16. Brightsource (\$1.6 billion)
17. ECTotality (\$126.2 million)
18. Raser Technologies (\$33 million)*

This tweet is clearly not from Kris Mayes herself so who is controlling Kris is a legitimate question.

It's offensive to say the electorate is "very white".

Your far left environmental radicalism is ruining California.

Stop killing the supply of water and energy. We can't conserve our way to greatness.

It still appears to be Russian misinformation smeared with hair dye.

What the experts found

In their examinations, Green and Williams found evidence that people other than Hunter Biden had accessed the drive and written files to it, both before and after the initial stories in the New York Post and long after the laptop itself had been turned over to the FBI.

Maxey had alerted The Washington Post to this issue in advance, saying that others had accessed the data to examine its contents and make copies of files. But the lack of what experts call a “clean chain of custody” undermined Green’s and Williams’s ability to determine the authenticity of most of the drive’s contents.

“The drive is a mess,” Green said.

REPUBLICAN PARTY OF ARIZONA

FOR IMMEDIATE RELEASE
Tuesday, September 6th

CONTACT: Kristy Dohnel
Kristy.Dohnel@azgop.org

Democrat Corporation Commission Candidate Lauren Kuby mocks Republican Attorney General Candidate Abe Hamadeh's Military Uniform

(Scottsdale, AZ) Over the weekend, Arizona Democrat Candidate for Corporation Commission Lauren Kuby, openly mocked Arizona Republican Candidate for Attorney General Abe Hamadeh on Twitter for posting a picture of himself in his military uniform advocating for the support of American Democracy. Kuby's comments, "Are you trying out your Halloween costume? #GJoe," are disrespectful, hypocritical, and qualify her as unfit to serve.

Military service may be a big joke for Kuby, but at the Republican Party of Arizona, we support our active duty service members and veterans. Abe Hamadeh is a patriot and a proud member of our armed services who served as an intelligence officer in the U.S. Army Reserve and just returned from a 14-month-long deployment to Saudi Arabia. Abe is determined to protect and serve Arizona as our Attorney General, just as he did overseas in our military.

Kuby's disgraceful conduct is unbecoming of a public servant. The RPAZ calls on Lauren Kuby to apologize to Abe and U.S. Military Servicemen for her disrespectful comments. While the Biden Administration and Democrats cry out for unity ahead of the November Elections, the remarks from Kuby highlight the disillusioned candidates the Democrats have on the Arizona ticket this fall.

On the other hand, Republican Corporation Commission candidates Nick Myers and Kevin Thompson are common-sense conservatives dedicated to tackling the issues affecting Arizonans today. Instead of focusing on Twitter "culture war" issues like Lauren Kuby, Kevin and Nick are ready to make Arizona the leader in Energy Independence. They will keep utility costs low by working with the private and public sectors, not against them.

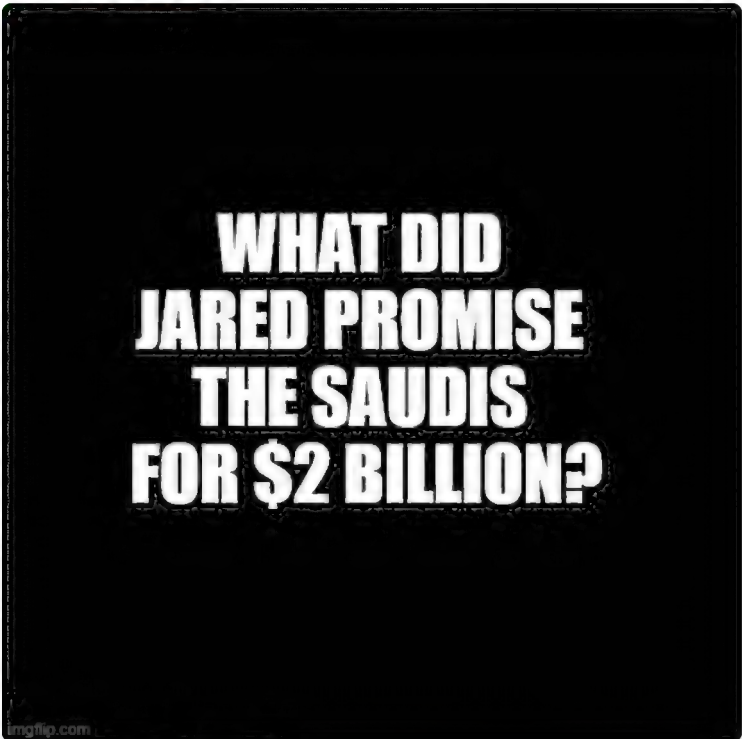

Nick is currently at the Corporation Commission as a policy advisor. With on-the-job training, he can start serving Arizonans on day one. Similar to Nick, Kevin comes from a public service background. As a former Air Force combat veteran and member of the Mesa City Council, Kevin has the leadership qualifications needed to run the Corporation Commissioner office effectively.

Statement from Republican Corporation Commission Candidate Kevin Thompson:
"Lauren's anti-military remarks are a slap in the face to our veterans and an insult to every member of our military. To mock our uniforms as a "costume" and imply that any member of the military who has courageously stood on that fence line and protected our great nation didn't serve honorably is shameful. Her conduct shouldn't be tolerated, and it's a sad revelation of her personal politics and willingness to pander to her base."

Hillary's denial that there was any classified information on her server exposes something far more serious than a false claim. It reflects the sense of license for many in the establishment that they can literally rewrite history with little fear of contradiction by the media.

Biden said he would bring Diplomacy back - he's brought world chaos back.

The DC think tanks & NGO crowd is afraid to criticize Biden's disastrous foreign policy.

This is another failure that wouldn't have happened under Trump.

The Biden White House must get more involved in the current Kosovo-Serbia standoff.

And here's an idea: if recognizing license plates is too hard now then demand recognition of IDs to start (as I tweeted 4 weeks ago).

And a bonus: push to implement the previous agreements!

One solution to the current Kosovo-Serbia license plates crisis is to mutually recognize each other's IDs, license plates and diplomas.

The former leaders of Kosovo had agreed to most of this - and yet Kurti stopped it.

You are very creative, and a big source to move from dead point.
Unfortunately Serbia doesn't recognize not just Kosovo diplomas but its real diplomas too!
Thank you for your dedication!

Richard Grenell

@RichardGrenell

One solution to the current Kosovo-Serbia license plates crisis is to mutually recognize each other's IDs, license plates and diplomas.

The former leaders of Kosovo had agreed to most of this - and yet Kurti stopped it.

The Biden White House must get more involved in the current Kosovo-Serbia standoff.

And here's an idea: if recognizing license plates is too hard now then demand recognition of IDs to start (as I tweeted 4 weeks ago).

And a bonus: push to implement the previous agreements!

So [@albinkurti](#) has agreed to what [@HashimThaciRKS](#) agreed to years ago...

IDs on both sides are once again accepted - but this time Kurti says yes.

He's catching up - let's hope he starts implementing the other previous agreements, too.

I may understand that you are driven by good will to help and close this chapter in the Balkans, but I'm sorry to say that you are sounding ridiculous sometimes by saying inaccurate or incoherent things. If Thaci agreed before, what was the reason the agreement wasn't respected?

Why did US Secretary of State @ABlinken decide that US diplomats would be present for the Iranian leader's UN speech 3 days after he denied the Holocaust?

@APDiploWriter @DeputySecState

Arsen Ostrovsky @Ostrov A Sep 21
SHAMEFUL!

As Iran denies the Holocaust, rampantly murders women and seeks to assassinate Americans on U.S. soil, absolutely inexcusable that the United States would be present at the #UNGA, during President #Raisi's address. @SecBlinken @USUN

When "universal condemnation" lasts <48 hours, you wonder why no one respects this administration
- 

Jake Sullivan ✓ @JakeSullivan46

This statement from Iran's president is outrageous and should be universally condemned.

Special Envoy Deborah Lipstadt ✓ @StateSEAS · Sep 19
Iranian President Raisi's call for "research" to determine whether the Holocaust happened is ludicrous and dangerous.

His statement is a form of Holocaust denial and a form of antisemitism.

If I had to attend that speech I would wear a mask, but not out of fear of Covid or to virtue signal. I would wear a mask out of the need to hide my face in shame so others would not see that I was in attendance for a performance of such moral filth

Gretchen Whitmer wants Joe Biden to dump Kamala Harris.

Also, I hope they are talking about Michigan students' plunging reading and math scores.

We need the tough negotiator back - DJT could clean this up quickly.

Even his detractors know the Ukrainian war would never have happened under Trump.

Gretchen Whitmer wants Joe Biden to dump Kamala Harris.

Also, I hope they are talking about Michigan students' plunging reading and math scores.

What truly is Kamala's role? She literally has done ZERO since getting into the WH when the US is begging for real leadership. Just completely destroyed any hope of being the first Female President if that was her objective.

What truly is Kamala's ro.? She literally has done ZERO since getting into the WH when the US is begging for real leadership. Just completely destroyed any hope of being the first Female President If that was her objective

Gretchen Whitmer wants Joe Biden to dump Kamala Harris.

Also, I hope they are talking about Michigan students' plunging reading and math scores.

If politicians can manipulate elections then you've just proven our point.

You people are such phonies. It's all about power for you.

So let's talk about all those Democrats controlling county voting in Wisconsin, Arizona, Pennsylvania and Nevada...

Will Saletan · 21h
On FTN, @C.C.Krebs warns that election interference is now coming not just from foreign governments but from "insiders": people who tried to delegitimize the 2020 election and are now, as election workers, committing or facilitating breaches of equipment. cbsn.ws/3y8UWAO

ARGARET BRENNAN: I just want to come back, you said insider risk to U.S. elections. What do you mean by that?

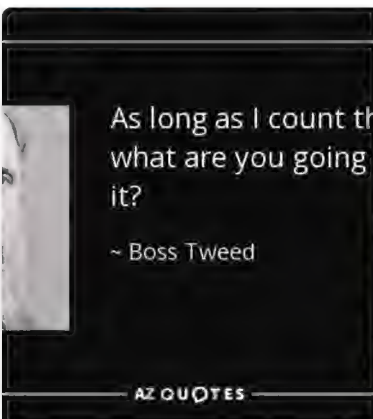

REBS: Well, it's actually we're seeing actual election workers that have been swept up in the continued efforts to delegitimize the 2020 election, and now they're on the inside. They're posing a risk we've seen in Mesa County, Colorado, Coffee County, Georgia, Antrim County, Michigan, where workers have allowed access by unauthorized people into the system in access to equipment. And then just the other day in the primaries, we saw that there was a worker that plugged the USB drive into a machine, and now those systems are had been rendered or taken out of service. So we're actually, rather than just the foreign interference threats that I think we really had to think about in '16, and '20. Now we have actual insiders, we have election workers that are posing a risk to the process itself.

It's not about power, Mr. Grenell. It's about evidence.

You lost the 2020 election because you didn't have evidence to back up your allegations of massive fraud.

@C.C.Krebs is supplying evidence for what he reports here.

You're welcome to reply with evidence. Not aspersions.

Maybe you're too young, but Al Gore managed to drag out the final outcome in the 2020 election well into December after machine counts had Bush winning.

If I'm not mistaken, while in charge after the 2020 election, this same guy assured us it was the "most secure election ever" and interference this way wasn't possible. Nothing like turning around now and letting us know he lied. These machines ARE vulnerable, got it.

Ralston reported that Laxalt dropped out of the Senate race (false) and when called out for it said it was just a joke.

What kind of reporter is so hell-bent on defeating a candidate that they interfere with an election 30 days out?

One of the worst moments we've seen from the current Democrat Party is a room full of rich Progressives sitting *silently* as the Vice President of the United States called for race-based Hurricane relief. @VP

This is such a weak, oft repeated play by Slick Ric. He does it all the time. Most heinous is the guy hasn't done shit for LGBTQ rights. Where was he when majority of @HouseGOP voted against same-sex marriage?

Ummm....who is running your Twitter account? The DNC? @kfile?

Let me quote from YOUR STORY:

“In Nevada, 48% of likely voters support Laxalt, with 46% behind Cortez Masto.”

Your social media team is doing election interference.

CNN @CNN · Oct 6

Arizona Democratic Sen. Mark Kelly holds a narrow lead over Republican challenger Blake Masters, while there is no clear leader in the race in Nevada between Democratic Sen. Catherine Cortez Masto and her GOP opponent, Adam Laxalt, new CNN polling finds [cnn.it/3CcFGDB](#)

Rich doesn't know what election interference is

He's trying to make the phrase lose all meaning by attaching it to things that are obviously not election interference

Paging @TwitterSafety and their so-called "civic integrity policy."

Twitter Safety @TwitterSafety · Sep 20

Your confidence in elections is vital. That's why our civic integrity policy helps prevent the use of Twitter to share or spread false or misleading information that might threaten this public confidence. [help.twitter.com/en/rules-and-policies](#)

They are doing this for when they buffer the cheating winners from Republican outrage. They will say "we had the stats" to present for the Dems win by narrow margins

If you want to stop President Biden's appointment of radical leftwing judges and senior Justice Department officials, you must vote for Senate Republicans this fall

Biden's nominations will get buried in @ChuckGrassley's Senate graveyard

Wow, your name can be 50 characters long? Hi I'm... @CT_KDO · Oct 6

If you were more intelligent you would know polls have a margin of error. In this case ~4.5%. So if you're up by 2 points (Lake) there actually is no clear leader. Kelly is up by 6 points - OUTSIDE the margin of error so he has a "narrow lead". I learned that in 8th grade

EXCLUSIVE Katie Hobbs' yearbook shows students 'Slave Day' tradition
It's not clear if Hobbs participated herself in the 'auctions,' but she would have likely known the tradition was celebrated as a member of the school yearbook and a student council leader

"Will I accept the election results if u lose? WILL U ACCEPT THE ELECTION RESULTS IF U LOSE?" Notice how they are rabid with this question in debates bc they know it's rigged and want candidates on the record to eliminate any dissent or protest? PSYCH 101

Being seen is good. But not enough
People are losing their lives every single day
We need a free access to internet.
It matters the most.
The world is not seeing even 10% of what's happening.
We need to keep the connection alive with Iranians out of country

This is a reminder, as the AG prepares to announce new Chinese espionage cases, that prior to the 2020 presidential election Trump asked the Chinese Communist Party—on national TV—to illegally interfere in the election on his behalf, #MerrickGarland

Amazing what we forget, huh?

Darn it! It is the illegals who are attacking our communities. Laxalt and Republicans are trying to save them. Gather them, prosecute them, and send them ALL back, or at least away.. and they either go to the back of the line or maybe better, they just don't get the opportunity

Foreign tourists wait 8 months to get appointments at the embassy just for a US travel visa. Even then it's no guarantee it will be approved. Then they must have covid shots to enter the US. Illegals don't need to wait. They need no papers. They need no shots. It's ridiculous.

California voter rolls are a mess.

And while the media won't tell you - 3.7 million Californians are now registered to vote *without* a listed place of birth.

Sacramento politicians made an elections change in 2017 to allow this lack of transparency. They don't want to know!

Ok...while Colton is of importance ,,I am having a hard time wrapping my head around the fact Brahm has determined Colton "the most important person" on Karl Lake's campaign. What gives Brahm the right to call that? Does Brahm secretly love Colton and he's showing it? Very odd

This form of soft fascism must be called out for what it is. One political party coordinating the actions of private actors and government under a common goal. Is straight up fascism. We cannot be shy about calling this what it is.

uncreativ @uncreativ1 · 8h
Replying to [@uncreativ1](#) and [@RichardGrenel](#)
Germany did fascism by using the power of the state to control private enterprise. The Dems use the party to coordinate and control both. The effect is the same. Dems can argue that private companies are just doing what they want, but it is the political party pulling the strings.

I genuinely don't care either way on this but we all know the supposed "undecideds", people that apparently completely change their views on a dime, are generally just grandstanding. We do know this.
The great Ken Bone comes to mind, who more or less stole the show in 2016.

Nobody is going to write the story or even call on these people for questions if they are a ho-hum person, it has to be the supposed undecided that can be for or against things like social security, education, crime, etc solely based on a candidate's debate performance.

lol. France has 65 million people, uses paper ballots, in person voting, hand counts and announces the winner the same night.

Grab a baguette, Brian, and hire more people.

You can't count any of the millions of mail votes until Election Day in Pennsylvania and Wisconsin thanks to Republican passed laws twitter.com/RichardGrenell.

According to @spmaloney, Hudson Valley residents who are struggling to put gas in their tank and food on their table should eat Chef Boyardee! I have a better idea: let's fire Sean Maloney and reduce inflation so that New Yorkers can afford to live here and eat what they want.

I was the Dayspring United Methodist Church poll location in Tempe, Arizona today and very late in the day, since 4:30pm, a postal worker stop by here to tell us that he will be bringing loads of ballots tomorrow right before 7:00p closing time at this poll location.

I spoke with the poll inspector here, Judith. She said in all her years working the polls, she has never heard of the USPS doing this in the past. One of our poll workers called a poll troubleshooter who happened to be at MCTEC and confirmed: Postal workers are only allowed to deliver to the address that's on the outside of an envelope, PERIOD. They are not to deliver ballots to ANY poll location. They must deliver them to the address on the green envelope.

The inspector here has been informed.

I called the attorney hotline that we were given and I spoke with the person there twice and I let her know all the above. I asked her to make sure this gets escalated and that all poll locations are informed.

Why are postal workers planning to drop off loads of ballots at a poll location instead of taking them directly to MCTEC? WHERE are these ballots coming

The California media must report on the rhetoric of @sfpelosi - who has encouraged violence on political opponents.

Stop giving aid & comfort to these statements.

Maricopa County is picking and choosing to record the Democrat ballots first in order to delay the inevitable - a big Republican surge of Election Day votes.

Stop listening to Ralston. He is a left wing activist who attacked Laxalt every week for a year.

Look at the numbers. The bulk of the remaining ballots are Election Day drop off ballots. Republicans vote and drop off ballots on ED at higher rates than Democrats.

Byron York @ByronYork · Nov 10
Thread suggests Democratic Sen Catherine Cortez Masto can catch and overtake GOP challenger Adam Laxalt in NV's slow vote-counting. If that happens, and slow-counting AZ stays Democratic, Democrats keep Senate; Georgia runoff will be irrelevant to Senate control. [twitter.com/RalstonReports...](#)

Why did Katie Hobbs who is in charge of overseeing AZ elections REFUSE to recuse herself, despite running for office vs Kari Lake.

They adjust the number of ballots they say are left everyday.

Democrats in Maricopa County are curing ballots after the deadline - and claiming they called the voter BEFORE the deadline and the voter just got back to them. This is illegal.

We will file another suit to count only legal votes. We followed the rules, they didn't.

What if he posts cross platform as an option? Certain things that might be too spicy or could violate the TOS could be avoided but not everyone is on Truth Social and the audience is bigger on Twitter. Just suggesting.

Democrats in Maricopa County are curing ballots after the deadline - and claiming they called the voter BEFORE the deadline and the voter just got back to them. This is illegal.

We will file another suit to count only legal votes. We followed the rules, they didn't.

Jack Smith has no moral compass. He's been out to get Donald Trump for awhile - and he doesn't care what he has to lie about in order to do it.

He's ruined The Hague's reputation forever - and boy do I have a story about him to tell.

Republicans will win Senate seats in Nevada (@AdamLaxalt) and Arizona (@bgmasters).

How is it not a red wave when Republicans take over the House and the Senate?

East coast media is too focused on their neighborhood (NY and PA).

Now Brussels fails and calls out Kurti - and you don't see the hypocrisy?

In years of following the Dialogue, I have never seen Brussels so heavily criticize Kosovo. It's unprecedented. Likely reflects real anger at @albinkurti. Lots of Euro unhappiness at how US policy handled this issue under Trump admin but truth is it's gotten worse since. [Show this thread](#)

Why did Katie Hobbs who is in charge of overseeing AZ elections REFUSE to recuse herself, despite running for office vs Kari Lake.

Now there are many reports of machines not working in Maricopa.

Question

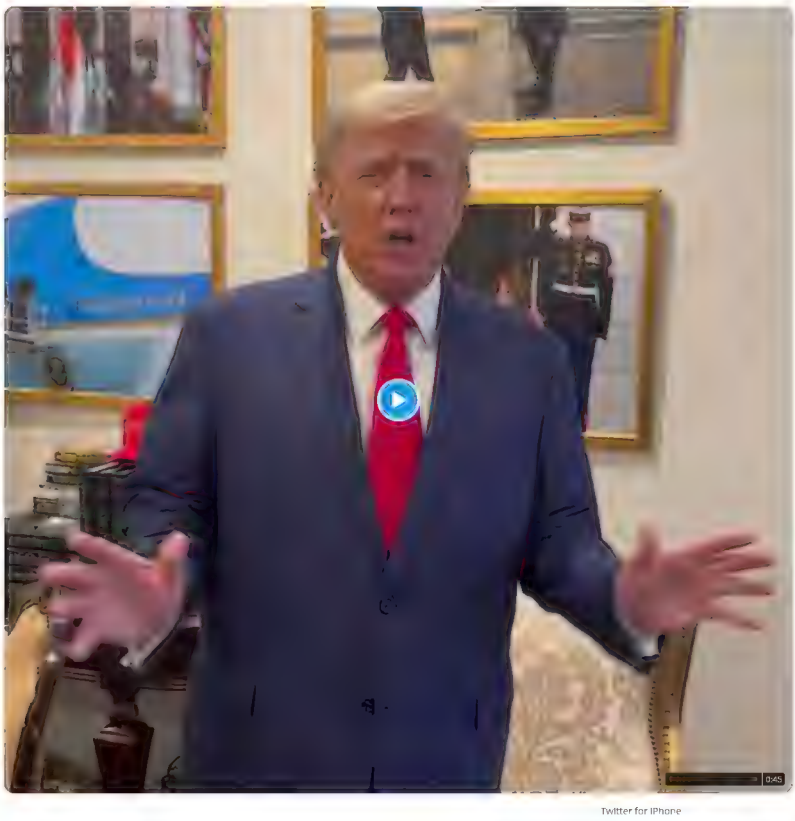

Why did Katie Hobbs who is in charge of overseeing AZ elections REFUSE to recuse herself, despite running for office vs Kari Lake.

Now there are many reports of machines not working in Maricopa.

Anyone else see a problem with this?

Question

Why did Katie Hobbs who is in charge of overseeing AZ elections REFUSE to recuse herself, despite running for office vs Kari Lake.

Now there are many reports of machines not working in Maricopa.

Anyone else see a problem with this?

Question

Why did Katie Hobbs who is in charge of overseeing AZ elections REFUSE to recuse herself, despite running for office vs Kari Lake.

Now there are many reports of machines not working in Maricopa.

Anyone else see a problem with this?

Democrats in Maricopa County are curing ballots after the deadline - and claiming they called the voter BEFORE the deadline and the voter just got back to them. This is illegal.

We will file another suit to count only legal votes. We followed the rules, they didn't.

Elections in Arizona are worse than in many Third World countries. Want confidence in the results? Run a real, transparent process. Nevada is the same. Florida does it right. Turnout off the charts. Copy them.
